Dear Mr Wheatland

I write in response to your letter dated 15 March 2026 regarding the Residential Bonds Online platform (RBO).

I appreciate your feedback on the limitations of RBO and your proposal for system changes to improve its functionality.

As you may be aware, the Government of South Australia has committed to introducing a portable rental bond scheme, which would impact the current RBO.

Any future changes to the RBO would need to be considered in light of operational, policy and stakeholder considerations. I intend to retain your correspondence for this purpose.

Thank you for writing on this matter.

Yours sincerely
